

# *National Recreation Trail Update Form*

## *Introduction*

Thank you for taking the time to complete this form. Your assistance will help ensure that the National Recreation Trail (NRT) database is complete and accurate. Please submit the form, along with any additional materials (e.g. a trail map, trail brochure and photos) to the NRT Program Coordinator. If you have digital images of any of your trail materials, please include these on a disk or CD.

Please note: The update form must be submitted by the trail managing agency, organization or individual officially responsible for permitting trail use. The information you provide may be used to create a NRT web page for your trail, if needed. The information provided on the NRT web page is intended as an introduction to your trail. Users will be advised to contact your trail manager or public information contact for more specific information on trailhead locations, trail use and restrictions if they intend to go out on your trail. To view existing NRT web pages, visit [www.americantrails.org/nationalrecreationtrails](http://www.americantrails.org/nationalrecreationtrails).
