

pathways for play™

Come See What All the BUZZ is About!

Join us for an exciting, in-depth look at the latest trend in play and recreation!

**NRPA Offsite Institute: Pathways for Play -
Explore a National Demonstration Site
Monday, October 31st from 8:30 AM to 3:00 PM**

Pathways for Play intentionally infuses play into pathway networks to encourage active lifestyles for children, families, and communities. This play innovation and on-site learning is coming to Congress! This off-site institute will explore the new National Demonstration Site in Atlanta to demonstrate how supportive research has been put into action along a linear trail combining program design, innovative built features, nature, learning, and site-specific cultural elements. An interdisciplinary team of experts will address extending play value, family engagement, and learning, while you engage in an interactive outdoor activity. Best practice design principles, how to assess pathway potential for infusing play, and critical considerations when planning "play pockets" will be highlighted as you experience this one-of-a-kind playful experience firsthand!

Join our Interdisciplinary Expert Panel:

Robin Moore, The Natural Learning Initiative (NLI), NC State University

Pam Gluck, Executive Director, American Trails

Lisa Moore, VP Corporate Strategic Services, PlayCore

Paul Taylor, City of Atlanta, Director of Park Design
