

## **COALITION FOR RECREATIONAL TRAILS**

The Coalition for Recreational Trails (CRT) is a federation of national and regional trail-related organizations. Its members work together to build awareness and understanding of the Recreational Trails Program, which returns federal gasoline taxes paid by off-highway recreationists to the states for trail development and maintenance. CRT was formed in 1992 following the passage of the Intermodal Surface Transportation Efficiency Act (ISTEA) to ensure that the National Recreational Trails Fund (now known as the Recreational Trails Program or RTP) established by that legislation received adequate funding. During the six years of ISTEA, CRT worked to ensure that program was continued and strengthened as part of the ISTEA reauthorization process. Following the 1998 passage of the Transportation Equity Act for the 21st Century (TEA-21) and the 2005 approval of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), both of which significantly increased RTP program funding, CRT's efforts have been focused on supporting its continued, effective implementation and its extension and enhancement through the next round of transportation legislation.
